ORIENTAL POPPIES

The great Oriental Poppies furnish easily the most striking note in the June garden. We have been credited with the largest list of named Orientals in the world. They need only good garden soil. Plant so that the crowns are two to three inches below the surface, and cover with light straw mulch **after** the ground freezes up in the late fall. Send 10 cents for our leaflet, "Oriental Poppies and How to Grow Them."

Because of recent labor conditions, we have not been able to keep our propagating up to demands, so this season, with one exception, we are offering only assorted collections as follows:

Six fine varieties, named and labeled, 2 year plants, priced 50 cents to \$1.50 each, our selection, only \$2.00.

SNOWFLAME—Plant Patent No. 365. "A sensational break in Poppies. Lower half of flower pure white, upper half flame-orange." Unusual and brilliant. Strong, free bloomer, large flowers on stiff stems. A real sensation. 1-year roots each .65; 3 for \$1.75. A few 2-year roots at \$2.00 each; 3 for \$5.00.

TREE PEONIES (*Paeonia Arborea*)

These are the aristocrats of all Peonies. With woody stems, the plants attain a height of over five feet and a similar spread, and show colors unknown in the Chinese classes. They bloom generally earlier than the latter, and are very free-flowering. This collection represents perhaps the finest assortment available today. However, due to present labor conditions, propagation has been curtailed. For this reason, we this season do not offer them by name, though practically all plants shipped will be named and labeled. You may specify the colors you wish, excepting the yellows, which will not be sold this year. Colors include shades of pink, lilac, rose, salmon, violet, purple, carmine and blends.

Four, Five and Six year old stock that should give excellent results the first season after planting are offered as follows:

	4 year	5 year	6 year
Each.....	\$9.00	\$10.00	\$12.00

When established, these choicest of garden aristocrats are good for a lifetime of superlative enjoyment. Here are the names of only a few of the

varieties from which orders will be filled:

Archiduc Ludovico, Athlete, Colonel Malcolm, Comtesse de Tudor, Flambeau, Jules Pirlot, Mme. De Vatry, Souvenir de Ducher and Surprise.

PEONIES

The Peony is truly the Queen of the Garden. Any in our list are sure to give a life-time of satisfaction if they are given a favorable location and reasonable care.

Nearly all of our Peonies were transplanted in 1944, so this year we are offering only a few by name.

Large bulbs showing attractive green foliage in early spring, disappearing in July. About a month later, as if by magic, the 2 ft. to 3 ft. flower stalks without leaves spring up, bearing an umbel of 8 to 12 large, lily-flowers of delicate lilac-pink. Cover 4 to 5 inches. Perfectly hardy. Supply limited. Often sells for \$1.50. Special. Each, only \$1.00 with order for \$2.00 or more.
